INDUSTRIAL WHEEL LOCK RING TOOL SET

EASIER, FASTER, SAFER.
Specially designed to remove & replace lock rings on multi-piece industrial forklift wheels

Having the right tool does make a difference.
Removing and replacing lock rings on multi-piece industrial wheels presents its own set of unique problems – these tools are specifically designed to make that job easier, faster, and safer.

• Helps prevent injury – easier to keep hands safely outside of press cage!
• Tools are powder coated to protect from rust and corrosion; bright orange color helps prevent lost tools
• Forged from high-grade carbon steel and heat-treated for long-lasting strength and durability

Part No. 32129
2 Pc. Industrial Wheel Lock Ring Set Includes:
