WHEREVER TIRES ARE CHANGED™

## PROFESSIONAL SUPER SINGLE AXLE DRAIN PAN

SECURELY CATCHES OIL AND GREASE  
PN 30600

No more searching for awkward, makeshift containers! No more messy clean-up! The Super Single Axle Drain Pan is a lightweight molded plastic pan that locks inside truck and trailer wheels to keep tires and wheels clean. It allows 2 or 3-hole stud attachment to wheels using finger-tightened lug nuts, preventing tipping. Made in the USA from HOPE high density polyethylene design, the drain pan won't warp if oil is warm. **The Super Single Axle Drain Pan has two built-in drip-proof drainage spouts for easy waste disposal. It keeps wheels and tires clean when servicing driven or non-driven axles, and will not spill if bumped.**

Weight: 1.3 oz (.06kg)

EXTENDED APPLICATIONS: FITS MOST 10-HOLE  
SUPER SINGLE AND DUAL DISC WHEELS.

FITS MOST STEEL AND ALUMINUM 22.5" AND 24.5" 10-HOLE HUB - AND STUD-PILOTTED TUBELESS WHEELS
